POSTA ve TELGRAF TEŞKİLATI GENEL MÜDÜRLÜĞÜ

POSTA VE TELGRAF TEŞKİLATI GENEL MÜDÜRLÜĞÜ

THE PROCESSES OF APOSTILLE

- **By now, the processes of appostille is carried out by,**

- ✓ Ministry of Justice (legal documents)
- ✓ Ministry of Interior (for administrative documents)

THE ALTERNATIVES IN PRACTICE

- The Convention suggests, e-register to be carried out by a single body.

- If authorized, Turkish Post PTT is eager to render e-apostille service in Turkey.

THE ALTERNATIVES IN PRACTICE

- A database of the e-Apostilles generated by The Justice and Intrerior Ministeries may be formed within PTT and provide access to the authority.

E-APOSTIILE… BUT WHY?

- ✓ It’s possible to accelerate the processes of apostilles issued by authorized institutes by integrating with the relevant..

- ✓ Electronically created documents delivered to PTT, may be aproved, e-apostilled and then delivered to the citizens.

MANUAL PROCESS

- to apostille a document manually, may take long and cost much, depending on the document type…
  - Creation of document by Competant Authority
  - Apostilization by Competant Authority
  - delivery of the document to the recipients

E - APOSTİLLE PROCESS

- To produce e-apostille
  - Creation of electronic document by Competant Authority
  - To e-apostille an electronic document,
  - delivery of the e-apostille and electronic document to the recipients
- To verify an e-apostille
  - If needed, the e-apostille processes may be verified by the recepient.

E – APOSTİLLE PROCESS

- E-apostilizing
  - Documents created with e-signature
  - Registered E-mail documents
  - Documents given by e-government
  - Digitized hard copy documents

WHAT WILL BE ACHIEVED?

What's the goal?

- ❑ the validity of the e-apostille can be verified
- ❑ continuous and easily accessible,
- ❑ achieving security criteria,
- ❑ querying and confirming all the apostilles centrally

THANKS FOR
YOUR INTEREST.
