INTRODUCTION

The Fourth Meeting of the Special Commission on the practical operation of the 1993 Hague Convention¹ will commence with a special day on “20 years of the 1993 Hague Convention” (the Convention was concluded on 29 May 1993 and entered into force on 1 May 1995).

This special day will be an opportunity to reflect upon and discuss the implementation and operation of the Convention over the 20 years it has been in force and to analyse what its impact has been on laws and practices relating to intercountry adoption, as well as child protection systems more generally. It will provide an occasion to assess the improvements which the Convention has brought about, as well as the challenges which remain concerning its implementation and operation.

The responses to this Questionnaire will assist the Permanent Bureau with preparing the discussions for this special day. They will form the basis for the Preliminary Document on this topic, to be drawn up by the Permanent Bureau. This Preliminary Document will outline key questions for States for discussion during the special day.

Please send your response to this Questionnaire to secretariat@hcch.net, for the attention of Laura Martínez-Mora (Principal Legal Officer) and Hannah Baker (Senior Legal Officer) **by no later than 10 October 2014**. The Permanent Bureau will place responses online on the Hague Conference website (< www.hcch.net >) unless expressly requested not to do so.

Please note: if information provided in your State’s Country Profile for the 1993 Hague Convention (sent to States for completion at the same time as this Questionnaire) assists with your answer to any question herein, please cross-refer to your Country Profile. There is no need to repeat information.

Thank you for your kind co-operation as the Permanent Bureau prepares for this next Special Commission meeting.

A. THE IMPACT OF THE 1993 HAGUE CONVENTION ON LAWS AND PRACTICES RELATING TO INTERCOUNTRY ADOPTION IN YOUR STATE

1. Was the legislation in your State concerning intercountry adoption revised, or was new legislation enacted, as a result of, or in preparation for, implementation of the 1993 Convention? If so, please describe the main changes in practice which the revision / new legislation brought about.

Main changes were connected with the role of the Central Authority. The role of the Central Authority is implemented in the Act on Socio-Legal Protecion of Children No. 359/1999 Sb.

2. What changes, if any, did your State make to the identity and functions of the authorities and bodies involved in intercountry adoption as a result of the 1993 Convention requirements (e.g., the creation / designation of new authorities / adoption bodies, different assignment of tasks)? How, if at all, have these changes affected intercountry adoption procedures in your State?

There was established the Advisory Board for the Intecountry Adoptions which meets on regularly basis and decides on matching of children and PAPs.

3. (a) Please indicate the number of intercountry adoptions which took place from and / or to³ your State:

- (i) in the three years prior to the entry into force of the 1993 Convention in your State

Number of intercountry adoptions *from* your State (State of origin): 0 - not registered

Number of intercountry adoptions *to* your State (receiving State): 0 - not registered

- (ii) in the three years following the entry into force of the 1993 Convention in your State

Number of intercountry adoptions *from* your State (State of origin): 66

Number of intercountry adoptions *to* your State (receiving State): 0

If precise figures are not available, please provide an estimate, indicating clearly that it is an estimate.

² This information is available on the "Status Table" for the 1993 Hague Intercountry Adoption Convention, accessible via the "Intercountry Adoption Section" of the Hague Conference website, < www.hcch.net >.

³ Depending upon whether your State is a State of origin, receiving State or both.

- (b) Taking into account the figures provided in Question 3(a) above, please comment upon whether implementation of the 1993 Convention in your State has had an impact on the number of intercountry adoptions undertaken from and / or to your State. If so, please indicate, if possible, which of the principles or procedures of the 1993 Convention appear to have had a bearing on the number of intercountry adoptions undertaken (e.g., implementation of the Convention's principle of subsidiarity,⁴ increase / decrease in the number of States with which your State partners on intercountry adoption).

The intercountry adoption was not been organized by the state authorities before the entry of the Convention into force for the Czech Republic. It cannot be excluded that some low number of private intercountry adoptions happened but without any involvement of the state.

4. In your State, has implementation of the 1993 Convention had an impact on:
- (a) The costs⁵ of intercountry adoption, including the transparency of these costs? If so, please provide details;
Yes - there were no intercountry adoptions before.

and / or
- (b) Contributions, co-operation projects and donations,⁶ including their transparency? If so, please provide details.
The whole process is organized by the Central Authority and its service is free of charge.
5. How, if at all, has implementation of the 1993 Convention in your State affected the average *time* which it takes to complete an intercountry adoption?

Please specify the causes of any change in timeframes, including whether these changes are attributable to a particular aspect of the intercountry adoption procedure and, if so, whether this aspect of the procedure takes place in your State or in other States.

Since 1 January 2014 the Czech Republic has new adoption provisions in the new Civil Code. The adoptability of children has to be proved more in detail - there are longer terms to achieve the consent of biological parents or his/her guardian. Also the family situation of the child has to be precisely checked (if there are e.g., relatives who would be able to have custody of the child).

6. How, if at all, has implementation of the 1993 Convention in your State affected the processing of *non*-Convention intercountry adoptions (*i.e.*, intercountry adoptions to which the 1993 Convention does not apply)?
The Czech Republic facilitates intercountry adoptions only between the contracting states of the 1993 Convention.

State of origin questions

⁴ See Art. 4 b) of the Convention and the *Guide to Good Practice No 1 on the implementation and operation of the 1993 Hague Intercountry Adoption Convention* at Chapter 2.1.1, available on the specialised "Intercountry Adoption Section" of the Hague Conference website < www.hcch.net >.

⁵ For a definition of the term "costs", please see the harmonised *Terminology on the financial aspects of intercountry adoption*, available on the Hague Conference website < www.hcch.net > under "Intercountry Adoption Section" then "Expert Group on the Financial Aspects of Intercountry Adoption".

⁶ For definitions of the terms "contributions", "co-operation projects" and "donations", please see the harmonised *Terminology on the financial aspects of intercountry adoption (ibid)*.

7. (a) Have the main reasons for children becoming adoptable (whether domestically or intercountry) changed following implementation of the 1993 Convention in your State? If so, please identify those changes.

See response to Question No. 5

- (b) Has the general profile of children in need of *intercountry* adoption in your State changed following implementation of the 1993 Convention? If so, please specify the main reasons for any change.

Due to the above mentioned changes the children in need of intercountry adoptions are a bit older.

- (c) Has implementation of the 1993 Convention changed the following aspects of the intercountry adoption procedure in your State?

(i) The establishment of the child's adoptability including, where appropriate, how consents are obtained from the birth parents / family / child and how consideration is given to the child's wishes and opinions: No

(ii) The information provided to, and the counselling and preparation of, an adoptable child: No

(iii) The provision of information concerning the child to prospective adoptive parents ("PAPs") (*i.e.*, under the 1993 Convention, the preparation of the report on the child): Yes

(iv) The matching of the child and PAPs: Yes

(v) The entrustment of the child to the PAPs: Yes

(vi) The making of the final adoption decision: No

(vii) The transfer of the child to the receiving State: Yes

(viii) The post-adoption services provided (*e.g.*, when and how an adoptee may access information concerning his / her origins): Yes

(ix) Other, please specify: Especially the matching and the personal meeting of a child with PAPs is very different in the domestic case and intercountry cases. .

Receiving State questions

8. (a) How, if at all, has your State's counselling, selection and preparation of PAPs wishing to adopt *intercountry* changed following: (i) implementation of the 1993 Convention in your State; and / or (ii) if applicable, the changed profile of children in need of intercountry adoption in the States of origin with which your State partners?

(i) As there were no intercountry adoptions before all necessary counselling is provided by the Central Authority and/or local social authorities.

(ii) N/A

- (b) Has implementation of the 1993 Convention changed the following aspects of the intercountry adoption procedure in your State?

(v) The post-adoption services provided: N/A

B. THE IMPACT OF THE 1993 HAGUE CONVENTION ON CO-OPERATION BETWEEN CONTRACTING STATES

9. Has implementation of the 1993 Convention had any influence on the choice of States with which your State "partners" in intercountry adoption (*e.g.*, due to the fact that your State has limited the number of States with which it partners or has ended co-operation with *non*-Contracting States)? If so, have these changes affected intercountry adoption procedures in your State?

The Czech Republic cooperates only with contracting states of the 1993 Convention.

10. In your State's experience:

- (a) What are the most significant changes to co-operation between Contracting States brought about by the 1993 Convention? Have any of these changes led to the safeguards of the Convention being more effectively respected (see Art. 1 *b*)? If so, please provide examples.

Yes. The PAPs have to provide detailed documentation including the psychological report. The matching is led by the Advisory Board. The personal meeting between the PAPs and child is guided by the psychologist of the Central Authority and it takes approx 4-6 weeks before the placement decision and the removal of the child to the Receiving State. The requirements on follow-up reports are strict (up to 18 years of the child's age).

- (b) What are the most significant *challenges* which remain concerning co-operation between Contracting States to the 1993 Convention?

N/A

C. THE IMPACT OF THE 1993 HAGUE CONVENTION ON THE PREVENTION OF THE ABDUCTION, SALE OF AND TRAFFIC IN CHILDREN AND OTHER ILLICIT PRACTICES⁷

11. In general, has implementation of the 1993 Convention led to more effective prevention of the abduction, sale of, or traffic in children and other illicit practices within / from / to your State in the context of intercountry adoption?

If so, please provide specific examples of measures which have been introduced in your State as a result of the 1993 Convention and their effect.

N/A

12. In particular, *prior to* implementation of the 1993 Convention, did your State experience, whether in your State or in other States with which your State co-operated, any of the following problems in the intercountry adoption context:

- (a) Improper payments to family members, intermediaries, officials or others;
- (b) Other improper inducements of the consent of birth parents / family to adoption;
- (c) Fraud, such as misrepresentation of identity or false promises (*e.g.*, misrepresenting to birth parents the reason for a child's removal from his / her home);
- (d) Forgery / falsification of documents;
- (e) Abduction of children for the purposes of intercountry adoption;
- (f) Abuse of guardianship orders (*e.g.*, using such orders to remove children from a State of origin to circumvent intercountry adoption procedures);
- (g) Bypassing the matching system of a State of origin (*i.e.*, undertaking matching independently in the State of origin, without the involvement of the appropriate authorities);
- (h) Any other illicit practices?

⁷ "Illicit practices" in this Questionnaire refers to situations where a child is adopted without respect for the rights of the child or for the safeguards now contained within the 1993 Hague Convention. "Such situations may arise where an individual or body has, directly or indirectly, misrepresented information to the biological parents, falsified documents about the child's origins, engaged in the abduction, sale or trafficking of a child for the purpose of intercountry adoption, or otherwise used fraudulent methods to facilitate an adoption, regardless of the benefit obtained (financial gain or other)" (from p. 1 of the *Discussion Paper: Co-operation between Central Authorities to develop a common approach to preventing and addressing illicit practices in intercountry adoption cases*, available on the "Intercountry Adoption Section" of the Hague Conference website < www.hcch.net >).

If so, in your State's experience, has implementation of the 1993 Convention in your State *or in other States* had an impact upon the incidence and / or nature of these problems?

N/A

D. THE IMPACT OF THE 1993 HAGUE CONVENTION ON THE RECOGNITION OF INTERCOUNTRY ADOPTIONS IN YOUR STATE

13. In your State's experience:

- (a) Has the automatic recognition of adoptions made in accordance with the Convention (see Art. 1 *c*) and Chapter V) led to significant improvements for children adopted intercountry and their families?

Yes - if there is no recognition proceedings under 1993 Convention. The requirements on the recognition of the foreign adoption order out of the Convention system are quite strict (the adoption has to respond to the requirements of the Czech material law)

- (b) What challenges remain regarding the automatic recognition of adoptions made in accordance with the Convention? N/A

In particular, please specify whether either (i) your State, or (ii) any other Contracting State with which your State co-operates, requires an *additional* procedure (*e.g.*, a registration procedure or court proceeding) to be completed in order to recognise an adoption made in accordance with the Convention.

N/A

E. THE IMPACT OF THE 1993 HAGUE CONVENTION ON *DOMESTIC* ADOPTION AND *OTHER* MEASURES OF ALTERNATIVE CARE FOR CHILDREN IN YOUR STATE

Domestic adoption

14. (a) Please provide precise figures regarding the number of *domestic* adoptions which took place in your State: (i) in the three years prior to the entry into force of the 1993 Convention in your State; and (ii) in the three years following this date. If so, please indicate, if possible, which of the principles or procedures of the 1993 Convention appear to have had a bearing on the number of domestic adoptions undertaken (*e.g.*, implementation of the Convention's principle of subsidiarity⁸ including promotion of domestic adoption, or a decrease in the number of intercountry adoptions has caused PAPs to turn to domestic adoption).

No

⁸ See Art. 4 *b*) of the Convention.

N/A

- (b) How, if at all, has implementation of the 1993 Convention changed the *quality* of other alternative permanent family care measures available in your State for children who are deprived of parental care or at risk of being so deprived?

N/A

16. How, if at all, has implementation of the 1993 Convention affected your State's approach to developing and implementing measures of family preservation and / or reunification?

As the number of intercountry adoptions comparing to the domestic adoptions and domestic foster families is very low also the impact of intercountry adoptions does not influence the domestic system of protection of children much.
